## STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. CORZINE:

S. 586. A bill to provide additional funding for the second round of empowerment zones and enterprise communities; to the Committee on Finance.

Mr. CORZINE. Mr. President, I rise today to introduce the Round II EZ/EC Flexibility Act of 2003. This important legislation would secure vital funding for Round II Empowerment Zones and Enterprise Communities to ensure that communities throughout the country will be able to continue the important work of economic revitalization.

This legislation promotes the continued economic development throughout the EZ/EC program, particularly to the 15 Round II urban and 5 rural empowerment zones that were designated in 1999. Each of those communities has implemented a host of strategic initiatives aimed at economic growth and job creation in their respective communities.

The EZ/EC Act ensures that Round II communities EZs and ECs are provided with funding they were promised upon designation. It also authorizes the use of EZ/EC grants as a match for related Federal programs, providing the EZ/EC program with maximum flexibility to implement initiatives at the local level.

The Enterprise Zone/Enterprise Community program was created to provide Federal assistance over ten years in designated urban and rural communities that would fuel economic revitalization and job growth. The program does so primarily by providing Federal grants to communities and tax and regulatory relief to help communities attract and retain businesses.

Unfortunately, an inequity now exists between the way Round I and Round II EZs and ECs have been funded. Those communities that won EZ designations in the initial round, in 1994, received full funding from the Congress, which made all grant awards available for use within the first two years of designation. However, EZs and ECs designated in Round II did not receive this same funding authority.

Federal benefits promised to the Round IIs included funding grants of \$100 million for each urban zone, \$40 million for each rural zone and about \$3 million for each Enterprise Community over a ten-year period beginning in 1999. In reliance on those "promised" funds, Round II zones prepared strategic plans for economic revitalization based on the availability of that funding. However, unlike Round I designees, who received a full funding up front, Round II zones have received a mere fraction of the funding promise.

The lack of a certain, predictable funding stream will ultimately undermine the ability of Round II EZs/ECs to effectively implement their economic growth strategies in their designated communities. And that's a shame, because the EZ/EC initiative has produced real results.
